“ I met Kenny from the Post Office. I had the honor of working with him. He was to me a quiet gentle soul. Had great conversations with him. I had the opportunity to share my lunch with him at times so he wouldn't get lunch from the vending machine. It was such a joy to share with him because he truly appreciated it. I know it may sound as a silly memory but that is an awesome memory for me just to share. You never know how much you miss your work family. So grateful he was apart of my life. I always loved asking about his dad, and the posts he'd share while visiting with him. Kenny know you are loved.
