“ Shirley, my big sister I loved you, singing Christmas songs together at home, going driving around looking at Christmas lights in our teenage years. Going on trips together when we got over. Growing up learning. About God, forgiveness, forgiveness to other and I self's. Wish you had made it back to go on another trip together. With Gods love I see you in heaven. Your little sis..

“ Shirley was my sweet and loving friend of over 40 years. We shared many precious memories, We worked at Baptist Memorial Hospital-GT of which was Lowndes General Hospital back in the 70's. We grew to be close friends and when she moved to Naples, Florida I would go visit her. We had fun times going to the beach. Amanda and Heather were small girls and we'd play with them digging in the sand and at the waters shore. She had a business called The Magical Unicorn in Naples. I was crafty and I'd send her boxes of my crafts to put in her store. Shirley would come back to Mississippi and we'd visit for days while she was here. We would always go and visit Waverly Mansion in Clay County. We both loved the Victorian time era and Waverly Mansion has a history that goes back to the Civil War. When Heather was a baby Shirley called me and asked me if I would come to Florida for Heather's Christening and to be named her legal God Mother in a church ceremony. I said of course I absolutely would and we did. That was just one of the happy times we had together. After a while she moved to Ohio and We didn't get to see as much of each other but she did come to visit a few times when coming to see family. Of course we made our trip to Waverly Mansion the last time we had a visit. I will always miss and Love you my sweet friend. I'll see you again someday and we'll have heavenly times forever.
